Welcome to the Door County Land Trust's Legacy Nature Preserve at Clay Banks

Directions: From Hwy 42/57 travel south on County U (Claybanks Road) approximately 6 miles. Take a left and travel east on Salona. Take the next right onto South Lake Michigan Drive. The preserve parking area is 1.8 miles ahead on the east side of South Lake Michigan Drive.

Preserve Guidelines

For the safety and enjoyment of our visitors as well as the health of our forests, meadows and wetlands, we ask that you please observe the following rules:

1. When hiking, please stay on the trails at all times. Pedestrians off-trail cause disturbance to vegetation and wildlife and may encounter poison ivy or other natural hazards. Also, portions of the trail are in close proximity to neighboring private lands.
2. Please use the boot brush station at the trailhead to clean your footwear before you begin your hike. By removing invasive plant seeds that cling to hikers' shoes, you can help us prevent the spread of invasive species which are one of the greatest threats to the native plant and animal communities on our preserves.
3. Dogs are welcome on the trails, but must be kept on a leash at all times.
4. Horseback riding, ATV's, mountain bikes, and snowmobiles are not allowed on the preserve.
5. Please do not remove or disturb plants or animals. No collecting allowed.
6. Please take out everything you bring with you, including garbage.
7. Hunting, trapping and fishing are allowed on this preserve. Please visit our website at www.doorcountylandtrust.org for more information and regulations regarding these activities.

Prohibited Activities

The following activities are not permitted on Door County Land Trust Preserves:

- Use of vehicles, including bicycles, ATVs, snowmobiles, and aircraft
- Camping
- Cooking or camp fires
- Caving or rock climbing
- Horseback riding
- Geocaching
- Pets off-leash
- Collection or disturbance of any natural material, alive or dead. This includes fruits, nuts, other edible plant parts, animals, fungi, rocks, minerals, fossils, archaeological artifacts, soil, downed wood, wildflowers and other plants, etc.
- Collection for scientific research requires permission from the Door County Land Trust and the WI Department of Natural Resources.
- Use of firearms or other weapons, except where allowed for permissible hunting activities as described on our Hunting Program webpage.
- Trespassing on private, neighboring lands.

Thank you for respecting these rules as you enjoy visiting Door County Land Trust Preserves. We appreciate your help in keeping these special places a safe and serene environment for visitors and wildlife alike!
